TP-03 (MOVABLE)

Specification

Material: Detachable front uprights made from 80mm sq x 3mm extruded mild steel.

Regulation Height: Easily achieves standard net height.

Roller System: Features 5 galvanized steel outer rollers with individual solid steel weights.

Design: Eliminates the need for a full-length bottom bar.

Protection: Equipped with rubber feet to safeguard the playing surface.

Dimensions: Overall base depth: 1045mm; distance from front upright to rear of base: 750mm.

Base Frame: 1.13m wide, constructed from 76mm sq x 3mm mild steel with a 300mm long stabilizing foot.

Net Attachment: Includes lock-on synthetic net hooks.

Finish: Polyester powder-coated green

TP-03

TP-03 is a compact and robust tennis pole designed for exceptional stability and performance. Engineered with high-quality materials, it ensures that your net remains securely in place, whether for casual practice or competitive matches. The TP-03 features a sleek design that allows for easy setup and transport, making it ideal for players on the go.

PREMIUM TP-07 (MOVABLE)

Specification

Internal Ratchet System:

Special design for easy tightening of the rope/net.

Weight:

150 kg per side, movable without the net.

Construction:

80x80 mm, 14 SWG pipe for durability.

Tensioning System: User-friendly pulley allows precise net height adjustment for competition.

Heavy-Duty Base: Designed to securely weight down without protruding into the court.

Wheels: 100mm diameter double PU wheels that won't mark or damage the floor.

PREMIUM TP-07

THE PREMIUM TP-07 is a compact and durable tennis pole designed for outstanding stability and performance. Crafted with premium materials, it ensures your net remains securely in place, whether for casual play or competitive matches. The TP-07 features a sleek design that facilitates easy setup and transport, making it ideal for players who are always on the move.

With its durable construction, this pole can withstand the rigors of frequent use while maintaining its integrity. TP-07 not only enhances your playing experience but also adds a professional touch to any court. Enjoy the perfect blend of convenience and quality with this essential tennis accessory, brought to you by Thermo Blow Engineers!
